DANCING WITH OUR STARS ~ OWENSBORO STYLE

The Owensboro Ballroom Dance Club introduces a unique evening of entertainment styled after TV's "Dancing with the Stars" entitled 'Dancing with Our Stars ~ Owensboro Style'.

The inaugural event will provide an exciting evening of entertainment as a group of community members compete in a dance-off while raising money to benefit Boulware Mission.

A variety of ballroom dances will be choreographed and taught to eight local celebrities by their partners, members of the Owensboro professional dance community. Each couple will perform one number as they compete for the coveted mirror-ball trophy.

The semi-formal event will be held on August 17, 2013 at the Hines Center, Philpot.

The cost to attend is \$125 per person. A table may be reserved for \$1,000 and includes seating for eight.

Admission to the event includes a delicious sit-down dinner, followed by the dance competition, an expedition dance performed by the Owensboro Ballroom Dance Club, and open dancing.

Ron Rhodes, local meteorologist at WTVW, will emcee the event. The list of local celebrities competing will be revealed soon!

The local celebrities will compete against each other to win first place in three categories: Judges' Choice, Peoples' Choice, and Charitable Contributions/fundraising.

Those who attend the event will have a say in which couple wins the Peoples' Choice

Award.

We hope you'll come and enjoy the show as our couples tap their toes, shake their hips, and swirl across the dance floor to everyone's delight!

Tickets will go on sale shortly and will be available for purchase at Boulware Mission, Independence Bank, Old National Bank, and from the Celebrities.

More information will follow in the Summer newsletter and on our website and Facebook page.

Spring fever has definitely hit Boulware! The mission is bustling with activities involving clients, staff, and volunteers. Our grounds have recently received a face-lift thanks to several groups from our community and we've made many improvements to the building as well.

Our client census has been very high for several months. The staff have done an amazing job. There is never a simplistic answer to the problems of the poor!

Boulware's program strives to answer those problems through a holistic approach that deals with the spiritual, social, economic, political, cultural, emotional, physical, judicial, educational,

moral, and familial issues of each person we serve.

Boulware promotes personal empowerment, not dependency. Our structured client program is based on three principals: 1) providing basic needs (shelter, food, clothing, etc.); 2) guidance for working on the reason each person is homeless; and 3) affirming a person's God-given dignity and worth.

It's because of your support that we are able to spend each day carrying out our mission and through you, we are able to reach those who need us most and to make a difference in their lives.

YOUR IMPACT IN STAN'S LIFE

In an effort to spotlight client success, we would like to share Stan's story with our readers.

Stan came to Boulware after being released from prison in the summer of 2012. He had no money, no job, no place to live, and no hope for the future. He had been addicted to alcohol for many years.

Boulware Mission provided a safe, supportive environment to Stan while he worked on changing his life. Stan attended financial literacy class and learned

budgeting skills and good financial management practices. He also worked on his coping skills, decision making, and relationships; and learned about nutrition and healthy living.

By attending alcohol education classes and 12-step meetings, Stan learned how to live a sober life.

Stan says that it was at Boulware that his sobriety became something that he wanted and not just something he had to do because of his legal issues...Boulware gave his sobriety value to him.

Stan worked hard and before long he became a role model for other clients.

Today, as a senior client, he serves in a leadership role at the mission. He still resides at Boulware, but has been given a

security position on weekends. Stan was recently approved for SSI disability benefits and has worked very hard to save money and pay off his debts. He said that for the first time in his life he feels like he has financial security.

Stan's future plans include moving out of the mission into a place of his own. In the meantime, he is working hard on self-improvement and looks forward to returning to life as an independent, productive citizen.

It is thanks to each of our supporter's that Stan's life has changed so drastically. He is eternally thankful for your impact in his life!
